Multiple Subject Intern Program

This program is designed for candidates who are currently employed in a self-contained, multiple subjects' classroom. After admission to the intern program, candidates enroll in a sequence of coursework designed to enhance their teaching effectiveness. Interns are assigned an Intern Advisor who oversees their academic progress in the program. After admission to the program, a Peer Coach and University Supervisor are assigned to the intern teacher. These individuals provide ongoing support and guidance at the school site. University Supervisors conduct an evaluation of the intern's teaching and provide feedback for growth and improvement. For additional information, please contact the Credentials Office at 661-654-2110.

Integrated Baccalaureate for Excellence in Studies and Teaching (IBEST)

The Integrated Baccalaureate for Excellence in Studies and Teaching, or IBEST, is an integrated program for improving the quality of teacher education for prospective TK-6 teachers. The IBEST program is designed for candidates who have made the decision to teach in grades TK-6 at the beginning of their college career and who are able to commit to full-time enrollment during the day. Candidates will receive both their baccalaureate degree in Liberal Studies and a preliminary multiple subjects credential upon completion of the program. Additional information can be obtained at the Liberal Studies Office, Education Building, Room 102, 661-654-3337.
